DO No. Min (H & FW)-33/2019
Dated Itanagar, the 24th October, 2019

MESSAGE

I am delighted to know that the Arunachal Pradesh Nursing Council (APNC) is launching its 1st ever Website on 25th October, 2019. It is a matter of great pride and appreciable effort. The Arunachal Pradesh Nursing Council Act came into force in the State on 18th January 2012 and thus APNC has completed 7 years 9 months. I believe that the Website will be very much helpful to all the stakeholders and provide information about the APNC as well as nursing profession as a whole within and outside the State. The role of the Nursing Council is very vital and each and every member should devote full effort to raise the standard of nursing services in the State. Our Nursing staffs are really dedicated, hardworking and intelligent. They are rendering excellent services to the people which is really commendable.

I convey my best wishes to all the members of APNC and more particularly to the persons who are instrumental for launching of the Website.

(Alo Libang)

Minister (Health & Family Welfare)
